Said **G** if you don't treat your baby **G** right
Said **C** if you don't treat your baby **G** right
She'll **D/F#** come see me, some lonely **G** night

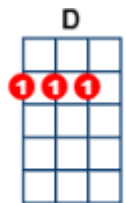

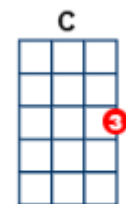

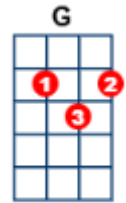

When the **G** sun goes down and the moon is gone
That's when I **G** come around, don't you think I won't
On the **C** graveyard shift, stay up all night **G** long
Wake **D** up someday and find your good gal **G** gone

~~Work the **G** graveyard shift, stay up all night **G** long~~

I drive a **G** Cadillac, it rides just like a **G** dream
Drive a **C** Cadillac, it rides just like a **G** dream
All the **D** pretty gals, they want to ride with **G** me

'Cause **G** I got what all the women **G** want
Said **C** I got what all the women **G** want
I never **D** say I do when I really **G** don't

When the **G** sun goes down and the moon is gone
That's when I **G** come around, don't you think I won't
On the **C** graveyard shift, stay up all night **G** long
Wake **D** up someday and find your good gal **G** gone
Wake **D** up someday and find your good gal **G** gone
